

**REGULAR MEETING  
OF  
CACHUMA OPERATION AND MAINTENANCE BOARD**

**3301 Laurel Canyon Road  
Santa Barbara, CA 93105**

---

**Monday, May 21, 2012**

**2:00 P.M.**

**AGENDA**

- 1. CALL TO ORDER, ROLL CALL**
- 2. PUBLIC COMMENT** (Public may address the Board on any subject matter not on the agenda and within the Board's jurisdiction. See "Notice to the Public" below.) Please make your comments from the podium once acknowledged by the President of the Board.
- 3. CONSENT AGENDA**  
**Action: Recommend approval of Consent Agenda by vote on one motion unless member requests separate consideration**
  - a. Minutes April 23, 2012 Regular Board Meeting
  - b. Investment of Funds
    - Financial Reports
    - Investment Reports
  - c. Payment of Claims
- 4. TERMINATION OF PROFESSIONAL SERVICES AGREEMENT FOR THE LAKE CACHUMA OAK TREE RESTORATION PROGRAM**  
**Action: Recommend approval by motion and vote of the Board**
- 5. AUTHORIZE COMB GENERAL MANAGER TO EXECUTE A CONTRACT FOR THE PURCHASE OF EMERGENCY REPAIR PIPE UP TO \$140,000**  
**Action: Recommend approval by motion and vote of the Board**
- 6. REPORT FROM BOARD COMMITTEE**
  - a. Administrative Committee Meeting, May 9, 2012
- 7. DRAFT FY 2012-2013 BUDGET**
- 8. REPORT ON MODIFIED SCC UPPER REACH RELIABILITY PROJECT**
- 9. CONVEYANCE SYSTEM OPERATIONS PROGRAM REPORT**

10. **FISHERIES PROGRAM REPORT**
11. **VERBAL - SOUTHERN STEELHEAD POPULATION TRENDS ON THE LOWER SANTA YNEZ RIVER**
12. **REPORTS FROM THE MANAGER**
  - a. Cachuma Water Reports
  - b. Cachuma Reservoir Current Conditions
  - c. Lake Cachuma Quagga Survey
  - d. General Manager's Overview of the System
13. **DIRECTORS' REQUEST FOR AGENDA ITEMS FOR NEXT MEETING**
14. **[CLOSED SESSION]: CONFERENCE WITH LEGAL COUNSEL – ANTICIPATED LITIGATION**
  - a. **SIGNIFICANT EXPOSURE TO LITIGATION PURSUANT TO GOVERNMENT CODE SECTION 54956.9 (b): One case**
15. **MEETING SCHEDULE**
  - June 25, 2012 at 2:00 P.M., COMB Office
  - Board Packages Available on COMB Website  
[www.cachuma-board.org](http://www.cachuma-board.org)
16. **COMB ADJOURNMENT**

NOTICE TO PUBLIC

**Public Comment:** Any member of the public may address the Board on any subject within the jurisdiction of the Board that is not scheduled for a public hearing before the Board. The total time for this item will be limited by the President of the Board. If you wish to address the Board under this item, please complete and deliver to the Secretary of the Board before the meeting is convened, a "Request to Speak" forms including a description of the subject you wish to address.

**Americans with Disabilities Act:** In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Cachuma Operation and Maintenance Board office at (805) 687-4011 at least 48 hours prior to the meeting to enable the Board to make reasonable arrangements.

[This Agenda was Posted at 3301 Laurel Canyon Road, Santa Barbara, CA  
at Santa Barbara City Hall, Santa Barbara, CA and at Member District Offices and Noticed and Delivered in Accordance with  
Section 54954.1 and .2 of the Government Code.]

**MINUTES OF A REGULAR MEETING  
of the  
CACHUMA OPERATION & MAINTENANCE BOARD  
held at  
3301 Laurel Canyon Road, Santa Barbara, CA  
Monday, April 23, 2012**

---

**1. Call to Order, Roll Call**

The meeting was called to order at 2:03 p.m. by President Lauren Hanson who chaired the meeting. Those in attendance were:

**Directors present:**

Lauren Hanson	Goleta Water District
Matt Roberts	Carpinteria Valley Water District
Doug Morgan	Montecito Water District
Dennis Beebe	SYR Water Conservation District, ID No. 1
Dale Francisco (2:15 arrival)	City of Santa Barbara

**Others present:**

Bruce Mowry	Tony Trembley
Charles Hamilton	Ruth Snodgrass
Kate Rees	Tim Robinson
Phil Walker	Janet Gingras
Rebecca Bjork	

**2. Public Comment**

Phil Walker made comments on CalPERS retirement and Los Angeles Metropolitan Water District water rates.

**3. Consent Agenda**

**a. Minutes:**

March 26, 2012 Regular Board Meeting

**b. Investment Funds**

Financial Report  
Investment Report

**c. Payment of Claims**

Director Beebe moved to approve the Consent Agenda as presented, seconded by Director Roberts, motion passed 5/0/2, and Director Francisco was absent.

*Director Francisco arrived at 2:15 p.m.*

**4. Approval of Resolution No. 540 to Join the Health Benefits Program of the ACWA Joint Powers Insurance Authority**

ITEM # 3a

PAGE 1

General Manager Bruce Mowry reported that COMB contracts with ACWA-Health Benefits Authority (HBA) for health care coverage for all employees and retirees. ACWA HBA has initiated proceedings to transition its operations and programs into the ACWA Joint Powers Authority (JPIA) that could result in cost savings. HBA must undertake a formal process to dissolve itself and combine its operations with JPIA. Resolution No. 540 consents to join the Employee Benefits Program of the ACWA/JPIA and ratifies the action of the ACWA Health Benefits Authority Board of Directors to terminate the HBA.

Director Beebe moved to approve Resolution No. 540 consenting to join the Health Benefits Program of the ACWA Joint Powers Insurance Authority, ratifying the action of the ACWA Health Benefits Authority Board of Directors to terminate the Health Benefits Authority Joint Powers Agreement, and authorizing and directing the Cachuma Operation and Maintenance Board to execute all necessary documents, seconded by Director Roberts. After discussion the motion and second were amended by stating the Resolution approval was contingent on staff approval of the new insurance policy issued by JPIA.

The motion passed by a roll call vote 7/0/0:

Ayes: Francisco, Roberts, Hanson, Morgan, Beebe

Nays: None

Abstain/Absent: None

**5. Approval to Support Bill AB 2443 “Quagga and Zebra Mussel Infestation Prevention”**

President Hanson reported that the letter in the board packet had been prepared to support Bill AB 2443, “Quagga and Zebra Mussel Infestation Prevention”. This bill would establish a new source of revenue to help local governments carry out existing requirements for inspection of Quagga and Zebra mussels.

Director Morgan moved to approve the letter of support for AB 2443 (Williams) seconded by Director Beebe, motion passed 7/0/0.

Phil Walker made comments.

**6. Approval of Quiota Creek MOU with the County of Santa Barbara**

Counsel Tony Trembley reported that the County and COMB believe it is in their mutual interest to enter into this Agreement to assign responsibility for ownership and maintenance of the roadway and culvert portions of these Projects. Mr. Trembley reported that the County submitted some minor changes to the Master Agreement and recommended that the Board approve the MOU with these changes.

Director Francisco moved to approve the Master Agreement between the County of Santa Barbara and the Cachuma Operation and Maintenance Board for the maintenance of roadway and culvert improvements for Quiota Creek Crossings at Refugio Road, seconded by Director Morgan.

The motion passed by a roll call vote 6/1/0:

Ayes: Francisco, Roberts, Hanson, Morgan,

Nays: Beebe

Abstain/Absent: None

## **7. Report From Board Committee**

### **a. Administrative Committee Meeting, April 13, 2012**

President Hanson reported that the committee met to go over the draft FY 2012-2013 budget. She reported that the General Managers had not had sufficient time to review the budget and that the changes and suggestions requested by the Administrative committee were not reflected in the draft budget presented in the board packet.

## **8. Draft FY 2012-2013 Budget**

President Hanson stated that if there were no objections from the Directors, the budget included in the board packet would be sent back to the General Managers for their review at the May 2, 2012 General Managers meeting. The suggestions and comments from the Administrative Committee of April 13<sup>th</sup> and from the May 2<sup>nd</sup> Managers meeting would be incorporated in the draft budget and then reviewed by the Administrative Board Committee prior to the May Board meeting. The committees recommendations would be incorporated in the budget presented to the Board.

## **9. Report on Modified SCC Upper Reach Reliability Project**

General Manager Bruce Mowry reported that the first section of pipe was laid on March 30<sup>th</sup> and to date approximately 800 feet of pipe has been laid. The Bureau of Reclamation and the funding Agency have visited the site and have had no concerns regarding the project. Directors wishing to visit the construction site should contact the office for arrangements. The full monthly report prepared by Dave Baum was included in the board packet.

Phil Walker made comments.

## **10. Conveyance System Operations Program Report**

The monthly report was included in the board packet; General Manager Bruce Mowry highlighted the report. President Hanson noted that an incident of March 27, 2012 concerning a flow change that had affected the Corona Del Mar Treatment Plant had not been included in the report. President Hanson distributed a letter to the Board from GWD's General Manager to COMB's General Manager.

Director Morgan requested that the Board be brought up to date regarding the grant application for the Highway 192/Mission Creek fish passage project at a future meeting.

## **11. Fisheries Program Report**

Tim Robinson highlighted the Fisheries Report for March. Mr. Robinson has given several talks and would like to present a portion of those talks to the Board when the agenda schedule allows time.

## **12. Reports From the Manager**

### **a. Cachuma Water Reports**

The monthly water reports were included in the board packet.

### **b. Cachuma Reservoir Current Conditions**

The daily operations report for Lake Cachuma through April 18, 2012 was included in the board packet.

### **c. Lake Cachuma Quagga Survey**

The County's summary of Aquatic Invasive Species Inspection Program for March 2012 was included in the board packet.

### **d. General Manager's Overview of the System**

President Hanson requested that the General Manager present the overview of the system report at the May meeting so that Director Lieberknecht as chair of the Operations Board Committee could be present.

## **13. Directors' Request for Agenda Items for Next Meeting**

There were no additional requests from the Directors.

## **14. [Closed Session]: Conference with Legal Counsel-Anticipated Litigation**

### **a. Significant Exposure to Litigation Pursuant to Government Code Section 54956.9 (b): One case**

At 3:35 p.m. Tony Trembley announced that the Board would adjourn into closed session, conference with legal counsel. Significant Exposure to Litigation pursuant to Government Code Section 54956.9 (b): one case: removal of excess fill over the South Coast Conduit at 1215 Franklin Ranch Road, Goleta, CA, landowners Jessica and Andrew Brown, County LUP Appeals Case #, 07 LUP-00000-00830.

The Board came out of closed session at 4:05 p.m. There was no action to report out of closed session.

## **15. Meeting Schedule**

- The next regular Board meeting will be held May 21, 2012 at 2:00 P.M.
- The Agendas and Board Packets are available on the COMB website, [www.cachuma-board.org](http://www.cachuma-board.org)

## **16. COMB Adjournment**

There being no further business, the meeting was adjourned at 4:08 p.m.

Respectfully submitted,

Bruce Mowry, Secretary of the Board

**APPROVED:**

Lauren Hanson, President of the Board

# CACHUMA OPERATION & MAINTENANCE BOARD

## BOARD MEMORANDUM

Date:	May 21, 2012
Submitted by:	Bruce Mowry
Approved by:	Bruce Mowry

---

**SUBJECT:** Termination of Professional Services Agreement For Lake Cachuma Oak Tree Restoration Program

---

**SUMMARY:**

On January 3, 2011 COMB and Melinda L. Fournier entered into a Professional Services Agreement. This Agreement requires a Task Order for each project undertaken by Ms. Fournier. COMB and Ms. Fournier subsequently entered into a Task Order (Fournier FY-11/12) dated July 1, 2011 for work in connection with the Cachuma Lake Oak Tree Restoration Program. The services provided under that Task Order will end on June 30, 2012.

The action requested is to terminate without cause the Professional Services Agreement with Ms. Fournier in accordance with its terms. COMB will self-perform services provided by Ms. Fournier under the referenced Task Order, now that all the trees have been planted and only require maintenance.

**FISCAL IMPACTS:**

## BOARD MEMORANDUM

Date:	May 21, 2012
Submitted by:	Bruce Mowry
Approved by:	Bruce Mowry

---

**SUBJECT:** Authorize COMB General Manager To Execute A Contract For Purchase Of  
Emergency Repair Pipe Up To \$140,000.00

---

**SUMMARY:**

In the FY 10/11 budget COMB authorized a consultant to provide designs for potential emergency repairs along the entire South Coast Conduit. As a result of the designs, an itemized list was developed for materials to be purchased in advance of and in preparation of an emergency event. Budget FY 11/12 item 6101 – SCC Emergency Pipeline Repairs was approved by the Board to purchase these items. As part of the Modified Upper Reach Reliability Project bidding process these items were included as a line item and the results of the bids exceeded the budgeted amount for this purchase. In reviewing the bid prices and discussing with the pipe supplier, a lower cost of each item was negotiated.

This item was discussed with the General Managers and it was recommended that only pipes and materials for sizes 27 inch to 48 inch be purchased and all smaller sizes could be purchased quickly if an emergency occurred. It is also assumed that only one break would occur for each of the sizes of the SCC and that quantities would be limited to meet these criteria.

COMB presently has about 250 feet of 18 inch steel pipe with fittings that have been used on past projects that could be used for a temporary fix. Currently we have steel pipe with cement mortar coating and lining in the following lengths; one 18 foot section of 48 inch pipe, one full section of 27 inch pipe and a cut off section of 27 inch pipe. COMB would have limited ability to make repairs with the materials on hand and it could take several weeks to have a supplier fabricate the necessary pipe.

In FY 11/12 a portion of the original \$205,000.00 was utilized to begin the replacement of the old Air/Vac valves in the lower reach and only about \$141,000 remains in this account.

**FISCAL IMPACTS:**

Item was Budgeted FY 11/12 at \$205,000.00

**LEGAL CONCURRENCE:**

**COMMITTEE STATUS:**

ITEM # 5  
PAGE 1

N/A

**RECOMMENDATION:**

Authorize COMB General Manger to purchase pipe and materials as approved in the Budget for FY 2011/2012, from West Coast Pipe of Rialto, California for emergency repairs, limiting the sizes to 27, 30, 36 and 48 inches and include the necessary fittings and Butt Straps with Backing Bar sets for a total value of not to exceed \$140,000.00 .

**LIST OF EXHIBITS:**

Budgetary quotation from West Coast Pipe

# CACHUMA OPERATION & MAINTENANCE BOARD

## MEMORANDUM

Date: 5/21/2012

Submitted by: Bruce Mowry

---

**SUBJECT:** FY 2012-13 COMB Draft Proposed Operating Budget

---

**SUMMARY:**

My philosophy in developing this fiscal year budget is to take a proactive approach with regard to operating and maintaining the Cachuma Project conveyance system and facilities. We have an aging infrastructure system in need of critical repair and the only way to begin the process of long term rehabilitation is to take positive steps to correct the deficiencies. Attached to this memo is the Strategic Plan matrix which provides an overview of projects for the future which also relate to this budget cycle.

---

The attached draft budget is being presented for your review and discussion. This budget is reflective of the Member Unit General Managers comments regarding the elimination of the \$200,000 reserve fund which was suggested at the Manager's meeting on April 4, 2012 as well as their comments made at the meeting held on May 2, 2012. The outline below also reflects the additional suggested changes on the draft budget since presented to the Administrative Committee at the April 13<sup>th</sup> and May 9<sup>th</sup> committee meetings.

- 1) Removal of the 2.5% optional merit pool for all employees
  - a. This has been eliminated resulting in a decrease of over \$30,000
- 2) General and Administrative costs (exclusive of payroll related items)
  - a. The overall G & A costs have been reduced by \$24,580 compared to the Administrative Committee's draft version of the budget on April 13, 2012
- 3) 6096 - (SCC Structure Rehab) was reduced from \$150,000 to zero
- 4) 6101 - (SCC Emergency Pipeline Repairs) was reduced from \$175,000 to zero
- 5) 4280 - (Fisheries Division fixed capital) was reduced by \$20,000
- 6) 4222 - (Fish Projects Maintenance) was reduced by \$2,000
- 7) 6201 - (BO/FMP Implementation) was reduced by an additional \$7,000
- 8) 6204 - (SYRiver Hydrology support) was reduced by an additional \$10,000
- 9) 6207 - (Oak Tree restoration program) was reduced by an additional \$38,000

ITEM # 7  
PAGE 1

- 10) 6210 – (SYR Riverware Model Development) was reduced by \$8,000
- 11) 6303 – (Tributary Projects support) was reduced by \$2,000

Overall, this budget has been reduced by an additional \$465,000 since it was originally presented to the Member Unit Managers and the Administrative Committee in April and May 2012. Staff has worked diligently on reducing this budget in order to accommodate the budget constraints of the Member Units as well as focusing on essential maintenance on this valuable conveyance system.

The Administrative Committee asked that the structure rehabilitation line item in the Operations Division Special Projects be reduced to zero since the majority of costs of the MURRP project are contained within this budget. It was also mentioned by the Administrative Committee to reduce the emergency pipeline repair line item to zero which has been done.

The Boundary meter is a critical point of measurement in the lower reach of the system. I am recommending a budgeted amount of \$22,500 be included in this budget for replacement of this unreliable meter and the affiliated SCADA system upgrade.

The North Portal/Cachuma Lake Intake Structures are the most critical component of the conveyance system and are in need of security upgrades. These facilities are the most remote and are the origin of all flows to the system. Security and reliability are key values that need to be the focus of this work. I would like to include \$50,000 in this line item in order to purchase security fencing and to upgrade the elevator and electrical system in this portion of the system. The Elevator proposal is attached and we will need about \$6,000 for general electrical upgrades in the lower chambers that have significant corrosion from the moist environment. This portion of the electrical component supports the critical flow control valves regulating the flow into the Tecolote Tunnel. The \$35,000 we have budgeted for the perimeter fencing includes \$11,750 for the fan enclosure with the balance of the budget for gates and fencing around the entire North Portal structure to limit access to the generator, electrical system and general building access. The estimate from our supplier (Fence Factory – Goleta Division) set the cost of a 6 ft. chain link fence with barbed wire at approximately \$25 per foot plus the gates to protect approximate 1 acre site and access roads.

Included in the exhibits is a project matrix excerpt from the Strategic Plan which outlines the capital project needs for FY 2012-13 and beyond. Also attached is the Budget Summary Document which outlines the purpose of each line item in the proposed draft budget. The Estimated Member Unit Cost spreadsheet has been included for Member Unit budget planning purposes. The riverware model peer review passthrough assessment will be collected and recorded separately from the COMB budget.

**LIST OF EXHIBITS:**

- COMB Draft Proposed Operating Budget FY 2012-13
- COMB Draft Proposed Budget Allocation
- Project Matrix excerpt from COMB Strategic Plan
- COMB Budget Summary FY 2012-13
- COMB Cash Flow FY 2012-13
- Cachuma Project – Estimated Member Unit Costs for FY 2012-13

**CACHUMA OPERATION AND MAINTENANCE BOARD**

**FISCAL YEAR 2012-2013**

**BUDGET SUMMARY**

The Cachuma Operation and Maintenance Board was formed as a joint powers agency organized by the Cachuma Member Units pursuant to the provisions of Articles 1,2, and 4 of Chapter 5, Division 7, Title 1 of the California Government Code (section 6500 et seq.) and the "1996 Amended and Restated Agreement for the Establishment of a Board of Control to Operate and Maintain the Cachuma Project - Cachuma Operation and Maintenance Board." The 1996 Amended and Restated Agreement, Contract No. 14-06-200-5222R "Contract for the Transfer of Operation and Maintenance of the Cachuma Transferred Project Works" by and between the United States and COMB, Contract No. 175r-1802R "Contract Between the United States and Santa Barbara County Water Agency Providing for Water Service from the Project," and the "Cachuma Project Member Units Contracts" between the County Water Agency and each of COMB's five Member Units, provide for the rights to, the facilities of, and the operation, maintenance and use of the United States, Department of the Interior, Bureau of Reclamation project known as the Cachuma Project, including storage, treatment, transport and appurtenant facilities, and all necessary tangible and intangible property and rights. COMB is also provided the authority for the financing of "costs" for the capture, development, treatment, storage, transport and delivery of water.

In September of 2010, the Cachuma Operation and Maintenance Board approved a budget adjustment effective January 2011 to transfer from CCRB the implementation of the Santa Ynez Fisheries Program as required by the 2000 Biological Opinion.

**OPERATIONS AND MAINTENANCE DIVISION:**

**Program Description**

To maintain and support all associated costs of operating and maintaining the Tecolote Tunnel, South Coast Conduit and all appurtenant facilities and four reservoirs; Glen Anne, Lauro, Carpinteria and Ortega reservoirs.

**LABOR - 3100**

Operation and Maintenance Labor is actual labor costs of the total salaries and benefits for a six member field crew and an Engineer / Operations Supervisor position. The benefits include medical, dental and vision insurance coverage, a \$20,000 life insurance policy per employee, deferred compensation, social security contributions, mandatory workers' compensation coverage, an employee assistance program (EAP), FICA/Medicare and the CalPERS retirement contribution (2% @ 55 formula). The health, vision, dental and life insurance programs are negotiated through ACWA/JPIA. The Workers' Compensation premiums are based on payroll calculated at various percentages depending on the category of each employee (clerical, outside sales and field operations). This line item includes a 2.5% COLA per the annual calculation.

The decrease in labor costs for the Operations Division is primarily due to the re-allocation of the Water Resources Planner position to Administration. This position supports both operational activities as well as fisheries activities. This position will now be allocated 65%

to Operations Administration and 35% Fisheries Administration. The labor costs in these two lines items have increased accordingly.

The workers compensation insurance costs are anticipated to be lower in FY 2012-13 due to a downward adjustment in our experience modification factor as well as COMB joining the ACWA/JPIA workers compensation group. A multiple policy discount has been applied as additional savings.

Total of this account: \$ 822,944

**VEHICLES & EQUIPMENT - 3201 thru 3204**

The Vehicles and Equipment account is made up of four sub-accounts which include funds for the purchase of vehicles, fuel, parts, inspections and maintenance of vehicles, equipment, and rental of equipment for both replacement and upgrading of the system. In particular, account 3201 includes supplies necessary to operate vehicles and equipment such as fuel, oil, tires, parts, inspections and labor, etc. This account reflects amounts determined by historical expense data and projected operational needs. Account 3202 contains funds for the purchase of replacement vehicles, equipment or large tools as may be necessary in the fiscal year. Account 3203 includes all rental equipment charges necessary for operation. Account 3204 is utilized for the purchase of small tools, equipment and supplies. These accounts are increased or decreased annually to reflect changes in the price, work plan and number of items appropriately designated to be purchased from these accounts.

Vehicle / Equip maintenance and fixed capital were increase slightly due to the escalating fuel costs and anticipated purchase of replacement equipment.

Totals by Account:	3201 Vehicle/Equip	\$ 30,000
	3202 Fixed Capital	15,000
	3203 Equip Rental	5,000
	3204 Misc.	<u>5,000</u>
		\$55,000

**CONTRACT LABOR - 3301 thru 3304**

The Contract Labor account contains funds for outside services/labor that cannot be supported by COMB staff which may include elevator repair, tree trimming and removal services, heavy equipment and operators' labor costs for various small projects, meter calibration and meter repair, etc. The amounts have been distributed through 3301, 3302 & 3303 to reflect the costs accurately. Account 3304 is used to hire consultants as necessary for extraordinary engineering, design or study projects.

With the ongoing rehabilitation work planned to be performed during FY 2012-13, it was necessary to increase this line item for assistance from outside contractors. The engineering services line item was decreased due to the utilization of staff expertise.

Totals by Account:	3301 Conduit, etc.	\$ 20,000
	3302 Buildings/Roads	20,000
	3303 Reservoirs	10,000
	3304 Engineering, Misc	<u>10,000</u>
		\$ 60,000

**MATERIALS / SUPPLIES - 3401 thru 3403**

The Materials and Supplies account covers costs related to operation and maintenance of the conduit, reservoirs, and outlying buildings and roads. This account includes funding for gravel, fencing, charts, locks, paint, fire extinguishers, etc. The buildings-roads line item was increased slightly in preparation of the building drainage at Ortega Reservoir.

Totals by Account:	3401 Conduit, etc.	\$ 25,000
	3402 Buildings, Roads	15,000
	3403 Reservoirs, Misc	<u>10,000</u>
		\$ 50,000

**OTHER EXPENSES - 3501 thru 3506**

The Other Expenses account includes utilities, uniforms, hazardous waste disposal, communications (phones at facilities and cell phones for operations & maintenance), Underground Service Alerts, employee training and certifications. All of these costs are based on actual charges for the services and changes in amounts are made only as necessary. There was a slight increase in the uniform line item due to lack of appropriate funding in prior year.

Totals by Account:	3501 Utilities	\$ 7,000
	3502 Uniforms	6,000
	3503 Communications	18,000
	3504 USA & Other Svcs	4,000
	3505 Misc.	8,000*
	3506 Training & Certs	<u>3,000</u>
		\$46,000

\*Misc detail:

Operations Division non-fixed assets expenses, computer/software/office supply needs, shipping, refuse/recycle/green waste/non-hazmat material disposal, portable toilets/roll off boxes, operations employment ads/background checks.

Non-fixed assets	1,000
Operations computer/ Software/ofc supply needs	1,000
Refuse/recycle, etc	3,000
Portable toilets/roll offs	2,000
Employment ads etc	<u>1,000</u>
	\$8,000

**TOTAL O & M EXPENSES – Operations Division** **\$1,033,944**

**GENERAL AND ADMINISTRATIVE****Program Description**

The General and Administrative accounts reflect costs for support of all administrative functions of COMB. The G& A portion of the budget provides for the time and effort spent by administrative staff in many areas that are to the benefit of all five Member Units of COMB. These include water supply and delivery reports, human resources and risk management, tax, audit, contractual and employment law, salary & benefits, accounting and bookkeeping, communications with Federal, State and local agencies and the general public on a variety of contractual and informational matters. Most of the Administrative accounts are allocated between the Operations Division (65%) and the Fisheries Division (35%) according to payroll allocations.

**DIRECTORS' FEES - 5000**

This account reflects Directors' fees at a rate of \$128.00 per meeting and mileage expenses. A special meeting contingency amount of 20% of the total has been included to cover costs for special Board and Committee meetings. The Directors will decide future increases by public meeting and change of ordinance. This cost is now allocated at a 65% Operations and 35% Fisheries division allocation.

Total of this account: \$7,800

**AUDIT - 5100**

This account reflects costs for the annual COMB audit allocated 65% to the operations division and 35% to the fisheries division.

Total of this account: \$11,700

**LEGAL - 5101**

This account reflects costs for the COMB general counsel and any special litigation expenses. The legal line item has been increased due to projected / anticipated services for the fiscal year. Current years' legal expense may exceed budgeted amount.

Total of this account: \$100,000

**UNEMPLOYMENT TAX - 5150**

COMB is in the California State Unemployment "self-insured" program which means that we do not actually pay unemployment premiums, but we must budget for and have the ability to pay any unemployment claims which may arise. The calculation of this account is normally payroll driven. However, the Board has decided to approve funding for any claims that may arise so this account will be kept at zero for FY 12-13.

Total of this account: \$ 0.00

**LIABILITY / PROPERTY INSURANCE - 5200**

This account reflects insurance costs for coverage provided by ACWA/JPIA for all general liability, property insurance (buildings, personal property, fixed equipment, and catastrophic coverage), crime coverage, employee dishonesty, and replacement costs. The general liability premiums are based on a formula that includes annual payroll as well as a three year loss history of claims.

The property insurance premiums are based on value of property in which coverage is provided. These costs are allocated between the Operations Division (65%) and the Fisheries Division (35%). The general liability and property insurance line item has been increased according to the projected insurance costs for the coming fiscal year and is an allocated cost between the Ops Division and the Fisheries Division.

Total of this account: \$40,000

**HEALTH AND WORKERS' COMPENSATION - 5201**

This account reflects costs for 65% of all administrative staff health premiums (medical, dental, vision & life), and employee assistance program (EAP), deferred compensation and workers' compensation premiums as well as all retiree health premiums. The cost for health premiums is a set premium amount for each employee and their dependents, as well as eligible retirees. The health and life insurance programs were negotiated through ACWA/JPIA and although there have been substantial increases in the past, the premiums have remained competitive throughout the years. This line item includes a projected 10% increase in health premiums which may occur in January 2013.

Total of this account: \$ 155,566

**CalPERS - 5250**

This account reflects costs for the California Public Employees Retirement System. The costs are based on 70% of salaries for all COMB administrative staff. COMB pays the employer cost (12.007%) and the employee cost (7%) of the retirement plan contributions. Our employer contribution percentage remains relatively low. The calculation of this account is payroll driven.

Total of this account: \$ 53,810

**FICA & MEDICARE - 5339**

This account reflects 65% of the matching share of social security and medicare taxes for all administrative employees.

Total of this account: \$ 21,658

**ADMINISTRATIVE SALARIES - 5300, 5301, 5304, 5306, 5307**

This account reflects Board approved salaries for the specified positions of General Manager, Administrative Manager, Administrative Assistant, Administrative Secretary and a Water Resources Planner at 65% apportionment. These salaries for all administrative staff (except the GM) contain a 2.5% cost of living increase. The COLA calculation is based on a melding of both the Los Angeles / Riverside index with the US City average index for a 13 month rolling period. The salary for the General Manager is set by the COMB Board.

The Water Resource Planner position has been shifted to the Administrative Salaries with a split between the Operations division and the Fisheries division as discussed above in the Operations Labor explanation.

General Manager - 5300	\$ 104,000
Administrative Manager - 5301	64,092
Administrative Assistant – 5304	39,590
Administrative Assistant - 5306	36,785
Water Resources Planner – 5307	<u>38,642</u>
Total for these accounts:	\$ 283,109

**OFFICE EXPENSE & POSTAGE - 5310**

The Office Expense & Postage account reflects the cost of all office supplies and postage for general and administrative tasks. General and Administrative expenses have been reduced to the lowest level of effective operation for FY 2012-13.

Total of this account: \$ 9,100

**OFFICE EQUIPMENT/LEASES/SERVICES - 5311**

The Office Equipment/Leases account includes costs associated with leases and quarterly service agreements for postage machine, copier equipment and any maintenance fees.

Total of this account: \$ 9,691

**MISCELLANEOUS ADMINISTRATIVE EXPENSE - 5312**

This account contains funds necessary for office cleaning, board meeting supplies, Paychex payroll costs, building alarm renewal, and miscellaneous expenses. General and Administrative expenses have been reduced to the lowest level of effective operation for FY 2012-13.

Office Cleaning	\$6,000
Paychex payroll costs	3,600
Misc expenses	<u>1,190</u>
Total of this account:	\$ 10,790

ITEM # 7  
PAGE 30

**COMMUNICATIONS - 5313**

This account contains funds necessary for the telephone service, long distance service, cable internet service, conference call service and General Manager cell phone service. General and Administrative expenses have been reduced to the lowest level of effective operation for FY 2012-13.

Total of this account: \$ 7,995

**UTILITIES - 5314**

This account contains funds necessary to provide utilities to the administrative offices.

Total of this account: \$ 9,737

**MEMBERSHIP DUES - 5315**

This account reflects membership dues for ACWA, ASME, APWA, AWWA, and subscriptions for professional publications.

Total of this account: \$ 6,425

**ADMINISTRATIVE FIXED ASSETS - 5316**

This fiscal year's fixed assets include the purchase of new computers and replacement office furniture as needed.

Total of this account: \$ 5,000

**COMPUTER CONSULTANT - 5318**

This account was established for an outside consulting company which provides monitoring and technical support for all of our information technology and computer related needs. This line item has been reduced from the prior year and staff will continue to seek services for this effort at a reduced rate.

Total of this account: \$ 16,625

**EMPLOYEE EDUCATION / TRAINING - 5325**

This account was established to provide employees with the ability to obtain professional training, required certifications and for management training purposes. This account also provides for human resources and employee related subscriptions. This account has been reduced from the prior fiscal year.

Total of this account: \$ 2,000

**ADMINISTRATIVE TRAVEL - 5330**

This account reflects actual travel costs for the COMB staff. This account is also used for attendance at conferences by the General Manager and Administrative Manager. This account has been reduced from the prior fiscal year.

Total of this account: \$ 2,000

**PUBLIC INFORMATION - 5331**

This account is available for public information bulletins, website or newsletters in order to communicate with the community in case of emergencies or environmental impacts on the COMB water distribution system or reservoirs.

Total of this account: \$ 1,000

**INTEREST EXPENSE - 5390**

This account is for possible interest payment to the Member Units who elect to participate in advancing their net budget assessments in order for COMB to complete grant funded projects during the course of this fiscal year.

Total of this account: \$ 2,000

**TOTAL GENERAL AND ADMINISTRATIVE - Operations Division     \$ 756,006**

**SPECIAL GENERAL AND ADMINISTRATIVE**

**INTEGRATED REGIONAL WATER MANAGEMENT PLAN - 5510**

This account has been established for COMB to participate in the development and maintenance of an integrated regional water management plan for Santa Barbara County.

Total of this account: \$ 5,000

**OPEB ACTUARIAL - 5512**

This line item will pay for an outside consultant to perform an actuarial in order for COMB to comply with mandated GASB 45 regulations.

Total of this account: \$ 3,000

**TOTAL SPECIAL GENERAL AND ADMINISTRATIVE - Operations Division** **\$ 8,000**

**SPECIAL PROJECTS - Operations Division**

**SCADA SYSTEM - 6062**

The COMB SCADA system was completed and placed into full service in 2003. This line item is for the cost of the annual maintenance contract, equipment replacement, upgrades and support services.

The current SCADA system is in need of improvement and has been increased to reflect funds necessary to implement minor aspects of improvement for FY 2012-13.

Total of this account: \$ 35,000

**COMB BUILDING AND GROUNDS REPAIR - 6090**

This account will provide funds for existing mobile units and permanent building repair requirements, as well as maintaining and updating facilities in the vicinity of Lauro Yard.

Total of this account: \$30,000.

**SOUTH COAST CONDUIT IMPROVEMENT PLAN AND DESIGN - 6092**

The SCC improvement plan and design account consists of outside engineering consultant services to perform condition assessments in the system if needed. This account has been reduced significantly due to staff technical expertise.

Total of this account: \$ 25,000

**SOUTH COAST CONDUIT STRUCTURE REHABILITATION - 6096**

This account will be used to provide security protective measures at the North Portal location as well as air-vac valve rehabilitation in the lower reach of the system.

Total of this account: \$ 0.00

**GIS AND MAPPING - 6097**

In previous years COMB was authorized to initiate a Geographical based information system by purchasing the latest software, components, and data input. This budget year COMB continues to update the GIS data base with current information that also periodically requires software updates. This account will also be used to keep licenses current and maintenance of the programs up to date. The GIS data base is used daily for USA callouts and the newly developed maintenance management program.

Total of this account: \$ 10,000

**SCC EMERGENCY PIPELINE REPAIRS - 6101**

This account will be used to purchase and store pipe, fittings, and appurtenances for emergency repairs during the course of the fiscal year.

Total of this account: \$ 0.00

**UPPER REACH RELIABILITY PROJECT - PHASE II - 6103**

Phase II of the MURRP will continue for FY 2012-13. Elements of this project will include; replacement of the south portal structure, rehabilitation of air valves and blow offs, replacement of the Glen Annie Weir, sections of SCC replacements, and Goleta West Meter replacements.

Total of this account: \$ 3,200,000

**LOWER REACH BOUNDARY METER PROJECT – 6104**

This line item will provide funds to replace the Boundary Meter in the Lower Reach between Montecito Water District and Carpinteria Valley Water District. This flow meter has experienced multiple failures in the past and is in need of replacement along with an upgrade to the SCADA component.

Total of this account: \$ 22,500

**ROW MANAGEMENT PROGRAM – 6105**

This line item will provide the resources necessary for clearing and maintaining the SCC Right-of-Way over the pipeline and allow greater access for inspection of the facilities and appurtenances. These funds include labor and equipment to perform the clearing of heavily wooded terrain.

Total of this account: \$ 0.00

**NORTH PORTAL / LAKE INTAKE TOWER PHASE I – 6106**

This line item will provide the resources necessary for rehabilitation to the electrical system and the elevator as well as security provisions for this portion of the system.

Total of this account: \$ 50,000

**SPECIAL PROJECTS TOTAL** **\$ 3,372,500**

**TOTAL OPERATIONS DIVISION BUDGET** **\$ 5,170,450**

**OPERATIONS AND MAINTENANCE - Fisheries Division**

**Program Description**

To maintain and support all associated costs of operation and maintenance as they relate to the implementation of the NMFS Biological Opinion and the Lower Santa Ynez River Fish Management Plan.

**LABOR - 4100**

Biology Field Crew Labor reflects labor costs and benefits for a two member field crew, a Senior Resource Scientist, and four part-time seasonal bio-aide positions. The benefits include medical, dental and vision insurance coverage, a \$20,000 life insurance policy per employee, deferred compensation, matching social security contributions, mandatory workers' compensation coverage, an employee assistance program (EAP), FICA/Medicare and a CalPERS retirement contribution (2% @ 55 formula). This account supports increased projected hours for two person night shifts for the seasonal staff due to request by the Board for safety reasons.

Total of this account: \$ 451,192

**VEHICLES & EQUIPMENT - 4270 thru 4290**

The Vehicles and Equipment section is made up of three accounts which include funds for the purchase of vehicles, fuel, parts, inspections and maintenance of vehicles and equipment. Account 4270 includes supplies necessary to operate vehicles and equipment such as fuel, oil, tires, parts, inspections and labor, etc. This account reflects amounts determined by historical expense data and projected operational needs. Account 4280 contains funds for the purchase or replacement of equipment or large tools as may be necessary in the fiscal year, specifically thermographs, digital camera, pressure transducers, and replacement probes for the three Sondes. Account 4290 includes funding all miscellaneous items affiliated with vehicles or equipment. These accounts are increased or decreased annually to reflect changes in the price and number of items appropriately designated to be purchased from these accounts.

Totals by Account:	4270 Vehicles	\$ 13,000
	4280 Fixed Capital	10,000
	4290 Miscellaneous	<u>2,500</u>
		\$ 25,500

**CONTRACT LABOR – 4220, 4222**

The Contract Labor account contains funds for outside services/labor to support equipment calibration on flow meters and sonde meters, and funds for technical assistance corresponding to the operation, maintenance and performance review of completed fish passage projects. Completed tributary projects at Rancho San Julian, Cross Creek Ranch, Quiota Creek Crossing 6 and Quiota Creek Crossing 2 require annual performance evaluation; licensed fish passage engineers need to conduct the structural evaluation whereas the biological evaluation and report are done by COMB staff.

Totals by Account:	4220 Equip. Calib	\$ 3,000
	4222 Fish Monitoring	<u>13,000</u>
		\$ 16,000

**MATERIALS / SUPPLIES - 4390**

The Materials and Supplies account covers costs for the purchase of materials needed for the Fisheries Monitoring Program specifically monitoring for migration, spawning and over-summering such as constructing and repairing fish migration traps (pvc, netting, plywood, locks, waders, etc.) and the equipment necessary to conduct snorkel (dry suit, masks, snorkels, hoods, gloves, etc.) and redds surveys (waders, clipboards, etc).

Total of this account: \$ 6,000

**OTHER EXPENSES - 4502**

The Other Operating Expenses account includes funds to pay for uniforms / gear for the fisheries employees. This account is based on actual charges for the above services and changes in amounts are made only as necessary.

Total of this account: \$ 2,500

**TOTAL O & M EXPENSES – Fisheries Division** **\$501,192**

**GENERAL AND ADMINISTRATIVE – Fisheries Division**

**Program Description**

The General and Administrative accounts reflect costs for support of all fisheries division administrative functions of COMB. The salaries and benefits have been split on a 65% - 35% basis between the Operations Division and the Fisheries Division based on payroll allocations. General and Administrative expenses have been reduced to the lowest level of effective operation for FY 2012-13.

**DIRECTORS FEES - 5400**

This account reflects Directors' fees at a rate of \$128.00 per meeting and mileage expenses. A special meeting contingency amount of 20% of the total has been included to cover costs for special Board and Committee meetings. The Directors will decide future increases by public meeting and change of ordinance. This cost is allocated at a 65% Operations and 35% Fisheries allocation.

Total of this account: \$4,200

**LEGAL - 5407**

This account reflects the costs for General Counsel expenses affiliated with the Fisheries Division program of work.

Total of this account: \$ 25,000

**AUDIT - 5441**

This account reflects costs for a portion of the annual COMB audit.

Total of this account: \$ 6,300

**LIABILITY/PROPERTY INSURANCE – 5443**

This account reflects a portion of insurance costs for coverage provided by ACWA/JPIA for all general liability and property i.e., buildings, structures, computers, modular furniture, copiers, postage meters, vehicles and an increase in replacement costs of all properties belonging to COMB.

Total of this account: \$ 21,300

**HEALTH AND WORKERS' COMPENSATION - 5401**

This account reflects costs for 35% of all administrative staff health premiums (medical, dental, vision & life), and employee assistance program (EAP), deferred compensation and workers' compensation premiums. The cost for health premiums is a set premium amount for each employee and their dependents. The health and life insurance programs were negotiated through ACWA/JPIA and although there have been substantial increases in the past, the premiums have remained competitive throughout the years. This line item includes a projected 10% increase in health premiums which may occur in January 2013.

Total of this account: \$ 41,902

**CalPERS - 5402**

This account reflects costs for the California Public Employees Retirement System. The costs are based on 35% of salaries for all COMB administrative staff. COMB pays the employer cost (12.007%) and the employee cost (7%) of the retirement plan contributions. Our employer contribution percentage remains relatively low. The calculation of this account is payroll driven.

Total of this account: \$ 28,975

**FICA & MEDICARE - 5403**

This account reflects 35% of the matching share of social security and medicare taxes for all administrative employees.

Total of this account: \$ 11,662

**SALARIES - 5404, 5405, 5408, 5409, 5419**

This account reflects 35% of the salaries for the General Manager, Administrative Manager, Administrative Assistant, and the Administrative Secretary. This account increased from the prior fiscal year due to a combination of re-allocating the Water Resources Planner position as well as a change in the allocation percentage.

General Manager	\$ 56,000
Administrative Manager	\$ 34,511
Administrative Assistant	\$ 21,317
Administrative Secretary	\$ 19,807
Water Resources Planner	<u>\$ 20,807</u>
Total for this account:	\$152,443

**POSTAGE / OFFICE SUPPLIES EXPENSE - 5410**

The Office Expense & Postage account reflects the cost of all office supplies and postage for general and administrative tasks attribute to the fisheries division.

Total of this account: \$ 4,900

**OFFICE EQUIPMENT/LEASES/SERVICES - 5411**

The Office Equipment / Leases account includes the fisheries division portion of leases and quarterly service agreements for postage machine, copier equipment and any maintenance fees.

Total of this account: \$ 5,218

**MISCELLANEOUS ADMINISTRATIVE EXPENSE - 5412**

This account contains funds necessary for office cleaning, Board meeting supplies, Paychex payroll costs, outside copy costs and other minor miscellaneous expenses.

Total of this account: \$ 5,810

**COMMUNICATIONS - 5413**

This account contains funds necessary for the telephone service, long distance service, cable internet service, and staff cell phones.

Total of this account: \$ 4,305

**UTILITIES - 5414**

This account contains funds necessary to provide utilities to the administrative offices affiliated with the fisheries division program of work.

Total of this account: \$ 5,243

**MEMBERSHIP DUES - 5415**

This account reflects costs for membership dues for the American Fisheries Society as well as a portion of ACWA dues as they pertain to the fisheries division employees. This account also covers subscriptions for professional publications.

Total of this account: \$ 2,900

**ADMINISTRATIVE FIXED ASSETS - 5416**

This fiscal year's fixed assets include the purchase of new computers and replacement office furniture as needed.

Total of this account: \$ 4,000

**COMPUTER CONSULTANT / SOFTWARE LICENSES - 5418**

This account was established to fund needs for all computer and internal network systems support through outside computer consultant services. It also accommodates purchasing and updating software licenses which may include Microsoft Office Professional, WinZip, and Endnotes.

Total of this account: \$ 7,125

**EMPLOYEE TRAINING / SUBSCRIPTIONS - 5425**

This account was established to provide employees with the ability to obtain professional training, required certifications and for management training purposes specifically for in field and office operations, and safety and regulatory compliance. This account also provides for employee related subscriptions to professional fisheries organizations.

Total of this account: \$ 2,500

**ADMINISTRATIVE TRAVEL - 5430**

This account provides for actual travel costs for professional conferences, seminars, training, and strategy meetings that are attended by the General Manager and/or staff throughout the fiscal year.

Total of this account: \$ 2,500

**PUBLIC INFORMATION - 5431**

This account is for miscellaneous costs that may arise out of public records act requests, newsletters, webpage support or other public information requirements.

Total of this account: \$ 2,000

**INTEREST EXPENSE - 5399**

This account is for possible interest payment to the Member Units who elect to participate in advancing their net budget assessments in order for COMB to complete grant funded projects during the course of the fiscal year.

Total of this account: \$ 1,000

**TOTAL GENERAL AND ADMINISTRATIVE EXPENSES**  
**Fisheries Division -**

**\$ 339,283**

**SPECIAL PROJECTS – Fisheries Division****BIOLOGICAL OPINION/FMP IMPLEMENTATION - 6201**

This line item provides funding for outside consultant support on activities which include participation in the NFMS Biological Opinion compliance preparation as well as review of technical reports, study plans, participation in coordination and review meetings and conference calls.

**BO Compliance Tasks and Support**

\$42,000

BO compliance document preparation: review of technical reports and study plans; technical support and participation in the science advisory committee. A fish passage engineer will review, evaluate, and develop technical elements of fisheries related monitoring program. This item includes genetic tissue analysis (fish fin clips) conducted by a NMFS certified geneticist and bio-statistician support. Activities to include background research, concept development, text development and production schematics supportive of program development. This estimate also includes conference calls plus limited preparation and follow-up per call.

**AMC and CC Participation and Technical Support**

\$5,000

Conference calls preparation and follow-up per call as well as participation in face-to-face meeting of the AMC and CC if necessary. Technical support to COMB in preparing work products for the AMC and the CC as required.

**Fisheries Monitoring Program Support**

\$45,000

Review of the current fisheries monitoring program, annual monitoring report and technical reports in compliance with the terms and conditions of the BO. Based on these reviews, recommendations for amendments to the monitoring program may be proposed and included in the recommendations presented in the annual monitoring report. Consultants will provide analytical support and technical review of annual report specifically regarding data analysis and protocols; review and comment on technical reports documenting results of the fishery and habitat monitoring; participation in the development, implementation, and documentation of specific fishery and habitat investigations conducted in compliance with the NMFS biological opinion. A fish passage engineer will review, evaluate and develop technical elements of fisheries related monitoring program; data collection review, synthesis and meeting attendance.

Total of this account: \$ 92,000

**GIS AND MAPPING - 6202**

This account provides funds for the purchase and maintenance of the GIS and GPS system components, software (ESRI, AutoCAD, Field Maplet, MapLogic, PhotoShop), hardware, aerial imagery and GIS/GPS technical support.

Total of this account: \$ 10,000.

**GRANTS AND SEMINAR TECHNICAL SUPPORT - 6203**

This account will provide funds for assistance in document preparation and evaluation for grant funding opportunities for tributary fish passage projects and seminars organized to review specific fisheries management concerns relation to preservation of steelhead populations.

Total of this account: \$ 10,000.

**SYR HYDROLOGY TECHNICAL SUPPORT - 6204**

This project includes funding for consultants who provide hydrologic support for analyzing operations in the SYR basin and operations for the Fisheries Program.

Total of this account: \$ 10,000

**USGS STREAM GAUGE PROGRAM - 6205**

This line item is to fund the required stream discharge and water quality monitoring on the lower Santa Ynez River and its tributaries in compliance with the NMFS Biological Opinion.

Total of this account: \$ 75,000

**TRI COUNTY FISH TEAM FUNDING - 6206**

This line item is to fund COMB's agreed upon portion of the MOU for financial support of the Tri-County salmonid restoration efforts.

Total of this account: \$ 5,000

**OAK TREE RESTORATION PROGRAM - 6207**

This line item is to fund the seventh year of oak tree planning efforts at several planting sites bordering the Cachuma Lake and Bradbury Dam. This planting and maintenance program is intended to result in a 2:1 replacement of oak trees lost due to the higher water elevations during surcharge events.

Total of this account: \$ 20,000

**LEGISLATIVE AND STEELHEAD FUNDING SUPPORT - 6208**

This line item is to fund travel expenses related to COMB's representatives who annually attend the Washington D.C. ACWA conference for the purpose of lobbying federal government officials to assure continued federal legislation for funding steelhead and salmonid restoration efforts in the Western United States. This federal funding is matched by the State of California and is essential in order for COMB to apply for grant funding through CDFG.

Total of this account: \$ 5,000

**SYR RIVERWARE MODEL DEVELOPMENT - 6210**

This line item is to fund outside consultant costs for the SYR Riverware model development as it relates to the fisheries implementation program.

Total of this account: \$ 12,000

**HABITAT ENHANCEMENTS**

**TRIBUTARY PROJECTS SUPPORT CONSULTANT - 6303**

This line item is to fund technical assistance provided by a fish passage engineer for tasked anticipated to include refinement of monitoring methods and procedures, hydraulic review of fish passage within a stream network, troubleshooting of general operation and maintenance issues, and review of miscellaneous technical data and reporting.

Total of this account: \$ 3,000

**QUIOTA CREEK ENGINEERING DESIGNS - 6304**

This line item is to fund the continued design effort on the remaining Quiota Creek crossings that will be used for NMFA and CDFG design approval as well as permitting with regulatory agencies and the County of Santa Barbara. Design engineering will continue toward 100% design level for Crossings 7, 1, 3, 4 and 5 (listed in priority).

Total of this account: \$ 35,000

**QUIOTA CREEK CROSSING #7 - 6308**

This line item is to fund the replacement of a damaged low flow crossing with a 60-foot bottomless arched culvert and installation of two rock weirs for grade control and steelhead habitat formation. The majority of this project cost is offset by grant funding. This line item includes a COMB Board approved \$50,000 construction match.

Total of this account: \$ 890,000

<b>SPECIAL PROJECTS / HABITAT ENHANCEMENTS</b>	<b>\$1,167,000</b>
<b>TOTAL 2011-12 Fisheries Division BUDGET:</b>	<b>\$2,007,475</b>
<b>TOTAL COMB GROSS BUDGET 2012-2013</b>	<b>\$7,177,925</b>

**CACHUMA OPERATION AND MAINTENANCE BOARD (COMB)**

**May 21, 2012 BOARD REPORT**

**PROJECT: Modified Upper Reach Reliability Project (MURRP)**

**PROJECT DESCRIPTION:** Construct approximately 2,000 feet of 48-inch diameter welded steel pipe, install a 48-inch magnetic flowmeter, intertie the new pipeline with the existing pipeline at the Glen Annie Turnout, replace the existing Goleta West meter with a 24-inch magnetic flowmeter and reconstruct the Tecolote Tunnel South Portal Transition Structure.

**PROJECT LOCATION:** Up a private road north of the north end of Glen Annie Road. Project begins at the South Portal of the Tecolote Tunnel and terminates at the Glen Annie Turnout.

**PURPOSE:** Increase the operational flexibility, reliability, and capacity of the Conduit, between the South Portal of the Tecolote Tunnel and the Corona Del Mar Water Treatment Plan. The increase in operational flexibility, reliability, and capacity are intended to accommodate peak demand levels and to allow maintenance of the pipeline.

**CONTRACTOR:** Blois Construction, Inc.

**DESIGN ENGINEER:** Perliter & Ingalsbe

**Contract Status**

Notice to Proceed:	December 22, 2011
Contract Time (complete all work):	360 calendar days
Completion Date:	December 16, 2012
Elapsed Time	152 days
Remaining Time (complete all work):	148 days
Time Elapsed to Date	51%
Work Completed to Date	60%

**SUMMARY OF WORK PERFORMED**

As of May 16, 2012, approximately 1330 feet of pipe (52 sections) have been laid. Pipe was first laid from the creek crossing northerly up to about 60 feet south of the Tecolote Tunnel South Portal Junction Structure. Blois then laid pipe across the creek and started up the hill to Glen Annie Turnout. Biologists monitored all construction activities in the creek to confirm Contractor's compliance to specification requirements. Pipe in creek crossing was installed below the creek and encased in concrete. The concrete encasement will later be covered with rock rip-rap to restore the creek bottom. A blow-off was installed in the low point of the pipeline, just northerly of the creek. Pipe deliveries are continuing. Sand deliveries for pipe zone bedding and backfill are continuing. Basic pipeline construction, which is being utilized here, is to excavate trench, place sand bedding, place shoring to protect the workers, compact bedding, lay pipe to line and grade, weld pipe joint inside and out, air test weld, place mortar over exposed steel at joint, place and compact pipe zone backfill (sand), construct cutoff walls

(wherever slope is greater than 20%) place identification tape and place and compact soil backfill to finish grade. Trenching and laying pipe is about five sections ahead of the backfill operation. Welding of the outside of the pipe takes place soon after the next section of pipe is laid. Welding the inside of the pipe joints takes place after the construction crew has stopped work and will continue until the last joint laid has been welded. Welding the inside of the pipe while pipe is being laid is not safe for the welder in the pipe. Pipe is mortar lined and coated with bell and spigot joints. Overlap is 4± inches and has a threaded tap in the outside of the bell. An air compressor hose is attached to the threaded tap and pumped up to 100 psi and held at that pressure for 3 minutes. Pressure testing verifies that both welds are good.

An Edison power pole that interferes with the proposed pipeline alignment was relocated and the wires and meter drop were switched over on May 15, 2002. Taft Electric was onsite to hook up Goleta Water District and COMB facilities.

Santa Barbara City Council Member Dale Francisco, Kelly List with the Regional Water Quality Control Board and Matt Naftaly and Tom Fayram with the County of Santa Barbara Water Department were out to tour the project.

### WORK PROJECTED FOR NEXT MONTH

Continue trenching, laying, welding and backfilling pipe up to the Glen Annie Turnout, construct rock creek bottom, continue constructing Tecolote Tunnel South Portal Junction Structure modifications and begin constructing the above ground piping at the Glen Annie Turnout.

### PHOTOGRAPHS

Setting pipe into place

Welding pipe

Pipe being laid across creek

Placing bottom half of concrete encasement with concrete pump. Note steel reinforcing in encasement.

Laying pipe up the hill – steepest section of the pipeline

Placing steel for Junction Structure Modifications

Cutting concrete for penetration into existing structure

Placing concrete base for Junction Structure modifications

# CACHUMA OPERATION & MAINTENANCE BOARD

## BOARD MEMORANDUM

Date: May 21, 2012

Submitted by: Shane King

Approved by: Bruce Mowry

---

**SUBJECT:** May: Conveyance System Operations Program

---

**Summary:**

To ensure reliability, the Operations Program performs routine maintenance on COMB's Distribution System. The Operations Program continually works to improve the system as well as making sure any deficiencies are addressed, through communication and organization with outside agencies.

**Lake Cachuma Operations:**

The average flow from Lake Cachuma into the Tecolote Tunnel for April was 42.0 acre-feet per day. The lake elevation was 743.25 at the beginning of the month and 743.34 at the end. The storage change was +194 acre-feet. During the month, 25.0 acre-feet of State Water Project water was delivered to the South Coast Member Units.

**Activities conducted this period include:**

Safety training from the Illness and Injury Prevention Program.

Structure maintenance per COMB's maintenance program that took place on the South Reach.

Cleaning of Ortega Reservoir.

Put Ortega Reservoir back into operation.

Culvert clearing after the rains at all reservoirs.

**Activities that occurred in the North Reach were:**

Right-of-way clearing above pipeline at Glen Anne site.

Monitoring at the MURRP

ITEM # 9  
PAGE 1

**Routine Monthly Operation and Maintenance activities conducted during this period included:**

- Water samples taken at the North Portal Intake Tower
- Fish screens pulled and cleaned
- Read Anodes and recorded data
- Monitored conduit right-of-way and responded to Dig Alert Reports
- Read piezometers and underdrains at Glen Anne, Lauro, Ortega, and Carpinteria Dams
- Place rodent bait all traps all facilities
- Meter reads, monthly dam inspections, and send report to USBR
- Weekly safety meetings
- Water mitigation oak trees
- Carpinteria/Ortega/Lauro weed abatement/spraying

# CACHUMA OPERATION AND MAINTENANCE BOARD

## MEMORANDUM

**DATE:** May 21, 2012  
**TO:** Board of Directors  
**FROM:** Tim Robinson, Sr. Resource Scientist  
Bruce Mowry, General Manager  
**RE:** **April 2012 FISHERIES PROGRAM REPORT**

In compliance with the 2000 Cachuma Project Biological Opinion (BO) and as described in the 2004 Lower Santa Ynez River Fish Management Plan (FMP) and the Monitoring Program in the 2000 Revised Biological Assessment (BA), the Cachuma Project Biology Staff (CPBS) conducts routine monitoring of steelhead/rainbow trout and their habitat on the Lower Santa Ynez River (LSYR) below Bradbury Dam. The following is a list of activities carried out by CPBS during the month of April 2012 that has been broken out by categories.

### **Migrant Trapping:**

Migrant trapping ended on 3/19/12 for the year due to reaching the take limits for juvenile *O. mykiss* as described in the previously distributed report. The results of the monitoring effort will be published in the 2012 Annual Monitoring Report.

### **Redd Surveys:**

Redd surveys are conducted once a month from January through May. The fourth round of redd surveys for the year were conducted this month within the LSYR mainstem in the Highway 154, Refugio, and Alisal reaches where access was permitted and certain sections of Hilton, Quiota, and Salsipuedes/El Jaro creeks. The number of redds observed were as follows: 1 in Quiota Creek, 4 in Salsipuedes Creek and 13 in El Jaro Creek. No redds were observed in Hilton Creek or within the LSYR mainstem.

### **Lake Profiles:**

Lake Cachuma water quality measurements (temperature, dissolved oxygen concentration and total dissolved solids) at one meter intervals from the surface to the bottom of the lake (Lake Profile) are taken once a month from April through December at the Hilton Creek Watering System (HCWS) intake barge. This is considered to be at or near the deepest point in the lake and allows for monitoring of lake stratification, water quality conditions at the intake level for the HCWS and lake-turnoff. The first lake profile of the year was taken in collaboration with Reclamation on 4/17/12.

### **Tributary Project Updates:**

**Quiota Creek Crossing 7:** A CDFG grant has been secured for half of the construction cost with the second half of the funding coming from a pending California Wildlife Conservation Board (WCB) grant. The WCB grant agreement has been reviewed by our legal counsel and the agreement has been signed by COMB's general manager and Scott McGolpin at SB County. The signed agreement was returned to the WCB for final approval on the consent agenda for their 5/31/12 Board meeting. Regarding design approval, staff is awaiting signature of the requested road speed variance from the County which is anticipated within a week. During the week of 5/21/12, staff will submit to the County and NMFS the 100%

ITEM # 10  
PAGE 1

designs from the project engineer (HDR) for their view and approval. Permits from the California Department of Fish and Game (1600) as well as the Regional Quality Control Board (401) are in place for this project. The US Army Corps of Engineer permit (404) will be issued upon receiving the approved 100% drawings. Pending is the SB County Encroachment Permit. Due to a change in relationship with the County, COMB is no longer exempt from Encroachment Permit fees and will be charged just like any public contractor. Fees will range from \$15,000 to \$25,000 (possibly more) pending the amount of County participation and the results of current negotiations. Environmental coverage for this project is through the California Department of Fish and Game RGP-78 Programmatic BO, which was how coverage was obtained for the Quiota Creek Crossing 2 project.

**Quiota Creek Crossing 1:** Staff is awaiting 95% drawings from the project engineer (HDR) that will be submitted to NMFS and the County for their review. With these drawings in hand, staff will apply for all of the necessary permits as currently we have only applied for a County Encroachment Permit. We were not successful at receiving the NOAA American Rivers grant for \$150,000 but will be applying for that amount of money from WCB. A CDFG Restoration grant was submitted for the rest. If successful in securing grant funding, this project will be constructed in the fall, 2013.

**Salsipuedes Creek – Jalama Road Fish Ladder:** Staff had a meeting with CDFG and NMFS fish passage engineers to get clarity on how best to precede with the requested design modifications. HDR is now working on those recommendations with the modified designs expected soon that will be sent to CDFG and NMFS for their review. Once the designs are approved, staff will discuss with CDFG funding options for this weir fix project.

**Highway 192 and Mission Creek:** No further progress has been made on this project.

**Surcharge Water Accounting:**

The following is a table (Table 1) of the amount of Surcharge water used to date from each of the three accounts. All numbers come from Reclamation’s Daily Operations Report. The start time for the use of the Surcharge Water Accounts was 5/27/11, or the last day of full surcharge. As of this month, all of the Fish Rearing account waters have been used up and we are now using Project Yield to meet target flows.

**Table 1:** Summary of the surcharge water accounting and use of Project Yield. The amount of water used during April was 345.5 acre-feet.

Accounts*	Allocation Units: (acre-feet)	Amount Used** (acre-feet)	Amount Remaining (acre-feet)
Fish Passage	3,200	0	3,200
Adaptive Management	500	0	500
Fish Rearing***	5,242	5,242	0
Project Yield		589	
<b>Total:</b>	<b>8,942</b>	<b>5,831</b>	<b>3,700</b>

\* Originally was 9,200 and as of 2008 it is 8,942

\*\* Values as of 4/30/12

\*\*\* This water is for meeting required target flows. This is not an official account and is what remains after subtracting the other two accounts.

**Reporting:**

Staff continues to work on the WY2010 and WY2011 Annual Monitoring Reports. Staff met with Reclamation, specifically Nick Zaninovich and the Bradbury Dam tenders, to review the current operations of the HCWS from intake to discharge and begin the process of writing a needed

operations guideline for that system that will include maintenance, safety, and emergency protocols. Reclamation will take the lead on authoring this document with review by COMB staff. The document will then be reference in the Cachuma Project Annual Guidelines for Operations.

**Outreach and Training:**

Staff has been working with landowners in the Quiota and Salsipuedes Creek watersheds regarding future fish passage projects and cattle exclusion fencing at certain project sites to help with site revegetation and restoration. The Senior Resources Scientist gave a talk entitled “Population Trends of Southern Steelhead as they Relate to Restoration Project Completion and Environmental Variables on the Lower Santa Ynez River” and a poster entitled “Southern Steelhead Passage and Population Protection on Quiota Creek, Tributary of the Santa Ynez River” at the annual Salmonid Restoration Conference at the beginning of April; a copy of the talk and poster are available upon request. The Senior Resources Scientist also led a field trip for the Santa Ynez Valley Natural History Society entitled “Lower Santa Ynez River Steelhead Restoration”; the outing was well attended and received.

**Consultant Activity Summary (April):**

**Melinda Fournier Tree Specialist** (Melinda Fournier) – Cachuma Lake Oak Tree Restoration Program: monthly field maintenance and nursery operations.

**HDR Fisheries Design Center** (Mike Garelo) – Design work for Quiota Creek Crossings in preparation for project permitting, regulatory review and grant proposals.

**Stetson Engineers** (Ali Shahroody) – Santa Ynez River hydrological analyses.

**Cardno ENTRIX** (Jean Baldrige) – BO compliance tasks and support.

**Quagga Mussel**  
*Dreissena rostriformis bugensis*

- Shell: D-shaped and triangular; thin, fragile; smooth or shallowly ridged; solid light to dark brown or dark concentric rings; paler near hinge
- Attaches to hard and soft surfaces

- Byssal groove
- Asymmetrical; curved midventral line; shells do not join together tightly

**Zebra Mussel**  
*Dreissena polymorpha*

- Shell: D-shaped and triangular; thin, fragile; smooth or shallowly ridged; solid light to dark brown or striped
- Attaches to hard surfaces

- Byssal groove
- Bilaterally symmetrical; join together in a midventral line

**Asian Clam**  
*Corbicula fluminea*

- Shell: fan-shaped and symmetrical; thick, hard; deep ridges; solid light to dark brown; may have a white patch near hinge
- Burrows into sand or mud; never attaches to structures
- Dead shells often found along shoreline

**Map of sampling location:**

Place empty circles (○) in areas that were surveyed but no mussels were found. Place circles with plus sign (⊕) where mussels were found, and number 1, 2, or 3 to correspond to GPS coordinates.

Please see attached docs: Quagga Survey Stations 2012.04.12& Quagga Survey Map 2012

**Did weather conditions negatively affect sampling conditions?** Y / N NO

**Comments** Inspected in Cachuma Lake marina: 14 sampling stations @ 12 or .5 meters, and 120 meters of rope. See attached files of sampling station details and locations as noted above.

COMB's General Manager's Overview of the System  
May 21, 2012

It has been 11 months since I became your General Manager and I thank the Board for this opportunity to serve COMB. It is time that I give the Board an update of my assessment of COMB.

Almost any organization has both soft and hard assets. The soft assets are normally the employees that are a very important component of success and reliability and are sometime called "elevator assets" in the private sector because you hope they come in each day and get on the elevator to perform their work for COMB each day. If you do not take care of them and they do not show up, the value of your organization goes down. The hard assets are the infrastructure with the pipes, structures and equipment. I want to give my assessment on both types of assets of COMB.

The Board should be very proud to have a staff that is second to none. I have heard comments from several sources when I got here, including Board members, that would lead me to believe otherwise and I want to set it straight that I have not seen better in any of our member agencies. The Administration staff is well qualified and takes pride in their work and they produce quality as was recently confirmed by outside review by both our auditor and an outside auditor that they rank at the top in their work and attitude. The Fisheries Group are highly respected in their field as I had researched when reviewing the history of COMB before I took this position and since becoming General Manager in talking to individuals outside of COMB. I believe our internal staff should be the ones that our member agencies should be working with instead of the consultants that they believe are better qualified. The Conveyance Group worked for years without being allowed to do what they knew should be done and in the past year I have challenged them to do their best and they are achieving this goal. We are now going into structures that were not allowed to be maintained for close to 30 years and they are clearing right of ways and finding potential failure points in the pipeline. We are cleaning up the yard here at Lauro and also at all our facilities. This has been proved by comments made by several individuals that now things are getting done at COMB. Staff needed direction to perform their best because the quality of work was already present. We are working on organizational and work planning in all areas of COMB staffing and I expect even greater future achievements than were accomplished this past year. As many of you will notice on the Board room wall, are eight Distribution Certificates showing various Grade levels for staff. In the next year you will see all of these levels increase by at least one Grade level for Distribution and some of our staff will also be holding additional certifications in other areas.

Most of the hard assets of COMB are celebrating their sixty years of successful operation. These facilities have an expected service life of 50 years, but many can operate past 100 years with potential failures that are hard to predict. The Bureau of Reclamation did a great job in designing and constructing these facilities and this is the primary reason we have benefited from their successful operation to date. But any system is only as good as its weakest points. We have those weak points in our infrastructure. These points include both structural and operational aspects of the system.

The old laterals that were installed in the original system to feed the multiple irrigation systems in the Upper Reach are weak points due to corrosion which is common and has been identified in previous studies by experts in the past. Only a few of these old laterals have been removed. Soil failures are not uncommon in that for the Modified Upper Reach Reliability Project one was found by the COMB staff during the clearing of the easement before the contractors bid the project and the contractor found a second point and this is in less than 2000 feet of 48 inch pipeline that is over 60,000 feet long. During our clearing of a section of the pipeline between the Glen Annie Turn Out and the Corona Del Mar

Water Treatment Plant we exposed a soil failure section near the pipe that was suspected before it was cleared, but was found to be substantially worse when the brush was cleared. The Bureau has already sent us an email after their last inspection of the MURRP and has directed us to correct this failure before the next rain season. We are in discussion with a contractor and expect it to cost approximately \$40,000 to repair. The continuing of clearing of the right of ways will allow us to identify these weak points.

The pipeline under Highway 154 was replaced with a different type of pipe years ago and now this type of pipe is found to have about a 3% failure rate. The failure is hard to predict even with inspection and testing and the risk is "What if we have part of the 3% failure sections". The Bureau will not allow this type of pipe to be used on their projects since this failure rate has been identified.

The North Portal/Intake structure is the beginning of our water conveyance from Lake Cachuma and it is in need of upgrades and monitoring to continue as a reliable facility. The elevator operates in a high moisture environment and experiences a very high failure rate that has stranded COMB employees in the chamber 100 feet below ground. The electrical systems furnishing power to the critical control valve in this lower chamber utilized standard painted boxes that are showing high levels of corrosion that will fail in the near future. Access to these facilities is open and undetected visitors to the site do occur, however visits from staff to these facilities are not frequent. Proper signage needs to be placed along the highway to allow emergency response teams to locate the facility when they are needed to rescue anyone at this site. The Bureau has identified this need in their review of our safety plan for tunnel inspections.

Storage in the Upper Reach is not sufficient to allow service to our Member Agencies during shutdowns for maintenance and repairs to portions of the Upper Reach and the Tecolote Tunnel. The Glen Annie Reservoir should be evaluated to be placed back in service and which will be addressed in the COMB Strategic Plan being developed at this time.

The lower reach has old valves that need to be replaced and pipeline that has pressure limitations that does not allow for the full benefit of the system for the Member Agencies. These valves and pipes will require replacement and repair.

The COMB SCADA does not give proper notifications of problems in the system and also when the SCADA system itself fails we can be left without proper monitoring of the system for days. These systems need to be upgraded to a more reliable configuration with proper notifications.

The COMB facilities that will fail in my opinion in the next 12 to 18 months are our SCADA system, the slope at the Glen Annie Turn Out, the Boundary Meter and the elevator at the North Portal. Security issues that need to be corrected during this time frame would be the North Portal/Intake structure and the South Portal. The facilities that may fail during the next 12 to 18 months are the Mission Creek Crossing and any section of the pipe that has roots wrapped around it and the corroded laterals. The facilities that may have impact on water quality in the system are the Air/Vac valves in the Lower Reach. Emergency procedures will be developed during the next year for the emergency shutdown for every reach of pipe, emergency actions and notifications requirements so if contamination is detected or failure of the system is detected to minimize pipe and property damage. Areas that need further evaluations to correct problems are the Sheffield Tunnel inlet and tunnel piping, limiting capacity of the system. We should have spare pipe in our yard for emergency repairs. The 18 inch steel pipe we have in our yard will severely limit the capacity, if a 48 or 36 inch pipes fail.
